Dans toute la Gaule, il n'y a que deux classes d'hommes qui soient comptées pour quelque chose et qui soient honorées; car la multitude n'a guère que le rang des esclaves, n'osant rien par elle-même, et n'étant admise aucun conseil. La plupart, accablés de dettes, d'impôts énormes et de vexations de la part des grands, se livrent eux-mêmes en servitude des nobles qui exercent sur eux tous les droits des maîtres sur les esclaves. Des deux classes privilégiées, l'une est celle des druides, l'autre celle des chevaliers.
