Chapter 1

Regular Chapter

1.1 Creating appendices

The package `appendices` lets you create appendices in a document. In this current document, appendices are included after the section “About the author” .

1.2 Making extra entries in TOC

You can introduce extra entries manually in the TOC, by using the command `\addcontentsline{toc}{xxx}` as we have done in the current document. You can introduce entries automatically for Bibliography, Index by using the package `tocbibind`.
