I wish to report a "minor" error in the biography page of Srinivasa Ramanujan :

<http://www-groups.dcs.st-and.ac.uk/~history/Biographies/Ramanujan.html>

His place of death (1920) is NOT Kumbakonam. He died in Madras (now called Chennai), Tamilnadu, India. Please correct your biography page. Incidentally, his death centenary falls soon (2020). Maybe this is a good time to correct the mistake.

Please inform me, as soon as you make the above correction.

Thank you,

partha
